Established legal entities in

Korea, China and Singapore

38%*

average cost savings for jack-ups in shipyards

32

Seadrill newbuilds mobilized since 2008

200

Sodexo staff dedicated to mobilization and transit and specifically trained

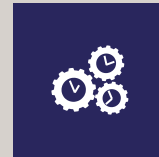

* Estimated mobilization cost at shipyard vs at destination

“ We would not have been able to manage all aspects of the mobilization if it wasn't for Sodexo participation. The team displayed professionalism and commitment while delivering their services on-time and within budget. ”

Jim Finlay, Rig manager of Seadrill West Tucana

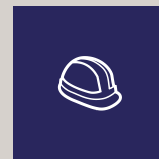

BENEFITS FOR SEADRILL

32 successful mobilizations since 2008 in short time frames, ensuring business continuity for Seadrill

Handover from shipyard to any destination, with Sodexo's offshore presence in more than 30 countries

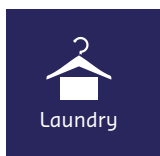

Highest HSE standards (HACCP compliant, galley safety training programs for the catering crew)

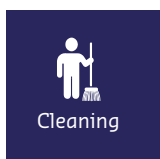

“ I have worked with many different offshore catering companies over the last 15 years and the Sodexo team is by far the best I have ever experienced. The crew's professionalism and pride is reflected in the work they have performed and is greatly appreciated. ”

Benjamin T. Dismore, Rig manager of Seadrill West Vela
