“

Sodexo intrigues me in a different way, I think it is one of the first company to introduce governance and hygiene in food in an academic institution. And that adds a different idea of creating both excellence and quality at a high level.

“ **DIGITALY ENHANCED RETAIL EXPERIENCE**

It is really an exciting idea. The Grab-and-Go concept is uniquely connected to the students. Sodexo has customized the food to meet out vegetarian needs and price is 50% less than the outside options. The students can order through a digital app that is the in-thing of today, and students do not need to wait — they can just grab-and-go in a few seconds. I really appreciate that Sodexo can connect with the local taste and requirement, truly the hallmark of a global organization.

PRO CLEAN

Radiant Facilities

A PREMIUM CAMPUS EXPERIENCE STARTS HERE

Inspiring students to love their campus begins with a holistic approach by providing safe, clean, and well-lit facilities that enhance physical health, sense of security, and belonging.

“ It has been a wonderful journey with Sodexo in the last few years, in fact we have grown with them from the humble beginning of 150 students to more than 800 students and 250 staff. At any given time, we have about thousand people on campus fed by Sodexo, and it takes care of the facility management — it is a beautiful example of a very high quality of service happening at our campus. Sodexo has been able to take care of all the issues right away, which is very important. Sodexo has been able to listen to voice of the students, faculty, staff, and administration and act upon feedbacks instantly, which is an amazing sign showing that Sodexo considers customers first. Sodexo is an organization obsessed with quality. We hope to grow with them.

First impressions matter (a lot)
Surveys show that many students and families decide if they like a campus within just 10 minutes of stepping on campus. Our approach is to win them over with a safe, welcoming atmosphere and memorable dining experiences that set you apart from other institutes.

I would like to express my appreciation to our Sodexo team in the exemplary way they operated during COVID. Planning and execution was at its best with all SOPs in place which boosted the confidence levels of our staff.

My deepest gratitude for their extended value-added support during reopening of our school. Team Sodexo's assurance to our parents resulted in full attendance of students to our campus.

We salute our COVID Sodexo warriors at JHS. A big thank you to the entire team and we look forward to an excellent continuing business relationship.

Friends for life

It's been said that students choose a campus because they feel welcome and stay because they feel engaged. We help you uncover what's important to students now and keep them happily engaged with positive campus experience to enable life long social connections.

“

On behalf of the College community, I want to thank you for the amazing effort you have put into making our meals both interesting and enjoyable.

At a time when it is becoming so challenging to socialise, you managed to provide a lovely atmosphere and ambience when so many of us are far from home and our loved ones.

Please thank each member of staff for all of us.
